To whom it may concern,

I'm delighted to write this letter of recommendation for Joanne, who recently completed my intensive VIP private jet flight attendant training program with Private Jet Coach.

Joanne has demonstrated commitment, professionalism, and a strong eye for detail and VIP service throughout the training. I had the opportunity to personally observe her during our practical sessions onboard a Bombardier Challenger 601, where she was trained in all aspects of VIP private jet service, and delivered a high-standard simulated service with great attention to detail and creative presentation, within the unique limitations and pressure of a private jet cabin.

Joanne has been trained in all the key aspects and fine details of the private jet flight attendant role, from international VIP service standards and cultural expectations to FBO procedures, airport logistics, and the overall dynamics of international private aviation. Her training covered everything from aircraft specifications and layout, interactions with pilots and ground staff, to catering, table and interior presentation, operational checklists, and all of the practical expectations required to deliver a successful flight experience.

Joanne brings a wealth of relevant experience with her from boutique hospitality and yachting and this clearly shows in her calm manner, elegant service etiquette, and strong communication. I believe her background working with UHNW individuals in luxury environments makes her particularly well-suited to the VIP flight attendant role. By successfully completing the entire course, she has also earned her Private Jet Coach Academy Certificate and now joins our professional community of alumni as she begins her VIP flight attendant career.

Beyond her skills, Joanne's positive mindset and work ethic shine through, and she is passionate about private aviation and committed to learning and growing in the industry.

I am confident that Joanne would be a valuable asset to your corporate aviation team and highly recommend her for the VVIP flight attendant position.

Sincerely,

Martina Vincenzi
